

DID YOU KNOW?

This year not one pro-life bill made it out of committee in the Senate. Senate President McKay actively worked to keep pro-life, "controversial" bills from the Senate Floor.

Women's health and safety legislation promising healthcare safety for women seeking abortion and abortion tracking in our state was held up in committee by Senator McKay—denying the opportunity for discussion on the Senate Floor.

The Senate overwhelmingly passed unjust taxation legislation that the House defeated with special rules. Only nine senators stood up against senate leadership to oppose this bad bill.

The House passed several pro-life bills only for them to be killed in committee or unheard on the Senate floor.

The House defeated attempts to expand gambling and unjust taxation passed by the Senate.

Representative Bev Kilmer left Tallahassee to go to Gainesville to close a religiously obscene art display at Santa Fe College. We pray for more legislators like her!

The Infants Born Alive Protection Act, authored by Representative Flanagan and Senator Cowin, giving protection to children born alive and providing life saving measures for these children after a botched abortion or early delivery. The bills were defeated in committee.

Stem Cells can be harvested from adult donors and donated umbilical cords. The creation of life to take life in the name of science is unnecessary.
